## Wednesday $13^{\text {th }}$ January Maths Task Hot

## Dividing by 10

Today we are going to be dividing by 10. This will help extend our knowledge from Monday and Tuesday :)

Task 1: Have a look at the Maths INPUT PDF and work through the activities
Task 2: Can you complete the calculation shown by the array. Can you write all of the calculations in that fact family?

Task 3: Now can you try these?

1. $20 \div 10=$
2. $60 \div 10=$
3. $120 \div 10=$
4. $450 \div 10=$
5. $30 \div 10=$
6. $90 \div 10=$
7. $310 \div 10=$
8. $540 \div 10=$
9. $780 \div 10=$
10. $620 \div 10=$

Task 4: Can you fill the blanks?
a) $360 \div 10=\square$
d) $\square$ $\div 10=41$
b) $630 \div 10=\square$
e)

c) $10 \times$

f) $86=$ $\square$ tens $\div 10$

## Task 5: Can you solve the problems?

Mr Smith has this amount of money.

Aisha has a bag of 10 p coins.
She has $£ 3$ and 40 p altogether.
How many 10p coins does Aisha have?

He buys some rulers costing 10p each.
