

Who was Christopher Columbus?

The next explorer I would like you to look at is Christopher Columbus. Look at the INPUT PDF about Christopher Columbus. You can also do your own research with a grown up.

This BBC Bitesize link has lots of good information and a video.

Just like your Captain James Cook fact files. Can you make a Christopher Columbus fact file to tell me all about him? I have included a writing template for those who like structure, however feel free to design your own fact file in way that works best for you. 😊

What to include?

- Who was he? Why was he famous?
- What was his family life like? What was he like when he was younger?
- Where did you go on his trips? What did he find?
- What were the names of his ships?
