

Acomb First School

School Curriculum 2014

At Acomb First School we believe that a school should provide an outstanding curriculum that will inspire and challenge all children and prepare them for the future. The National Curriculum is a set of ingredients to be included in a school curriculum. Acomb First school has decided how the ingredients to put together and add to them in an exciting, effective and appropriate way for our school community.

Our curriculum:

is underpinned by aims, values and purpose

develops the whole person - knowledge, skills, understanding and attitudes

is broad, balanced and has clear progression in subject knowledge and skills

is filled with rich first-hand purposeful experiences

is flexible and responsive to individual needs and interests

embeds the principle of sustainability

has an eye on the future and the needs of future citizens

encourages the use of environments and expertise beyond the classroom

makes meaningful links between areas of knowledge across the curriculum and the major issues of our time

has a local, national and international dimension
